

## Northeast Association of Student Employment Administrators

Dear Georgi,

The Northeast Association of Student Employment Administrators (NEASEA) sponsors a selection for Student Employee of the Year each year. I would like to congratulate you on being selected the Worcester Polytechnic Institute Student Employee of the Year. You were nominated by Stephen Hemming for this honor. I know that Stephen is thankful for your dedication and hard work and recognizes your importance to the department.

Chosen from a pool of exceptionally motivated and competent students, your selection was based on the unique contributions you have made to the department and the level of commitment and achievement you have maintained. The contributions made by student employees are a key element to the successful operation of Worcester Polytechnic Institute and its active participation and the community surrounding it. Hopefully, this selection process has shown students that we realize this and appreciate their hard work and dedication to that end.

Institutions will be forwarding their campus selections to NEASEA for further consideration at the district, regional and national levels. Student Employee of the Year at district and regional levels will be made next month. Students selected at the district/regional level will receive a certificate and a \$100 or \$250 gift card respectively. On behalf of Worcester Polytechnic Institute, once again please accept my sincere congratulations and appreciations for your impressive efforts. We are proud to have you represent Worcester Polytechnic Institute in the NEASEA selection process.

Sincerely,

Karen Clemente

NEASEA, Student Employee of the Year, Chair
